

LAUREN'S
CREATIVE DANCE
CLASSES START
21ST JAN 2012

This is for your kids - not you! (I wanna play too!) drat!

in Lauren's words:

"It is creative dance....so a real mix of contemporary, street, creative moves. I will teach dance routines and also gives the skills so the kids can create their own stuff. Saves them doing it in the lounge!! It's great for social skills and fitness as well as just having fun!!"

At the moment we are gauging interest – it is limited numbers and we are already up to 9 or so (our max really). (we are now going to do a second one too for toddlers)

Let us know if you'd like to register as we may end up putting on 2 groups. Times tbc
